Astrological Compatibility

Astrologically, each individual is represented by a chart of the planets and houses at the moment of his birth. By comparing and contrasting the interrelationships of two separate charts, the astrologer can reveal the many ways and many levels that two people relate with each other. This is the astrological art of synastry as it has been practiced for several thousand years. This report analyzes each of the two selected charts and interprets the astrological connections between them. The charts' data, along with planetary positions and house cusps, are printed on the previous page. There are four possible sections to this report, two for each of the charts. Any one of them, or all four of them, will be included here depending on which were requested. For each individual the two possible sections are: 1) How this person approaches relationships. This section considers only the one chart, and is appropriate for all relationships this individual makes. 2) How this person relates specifically with the second person. Here each paragraph interprets a contact between the two charts from one chart's point of view. The text here pertains to this one relationship only, and should be understood in light of the actual nature of the relationship. Remember that every relationship contains points of similarity and harmony as well as points of conflict and discord. Through understanding, it is possible to cultivate and encourage the positive and harmonious, and keep relationships growing and fruitful through the highs and lows of the passing years.

Report for George W. Bush How You Approach Relationships

You are warmly generous and always gracious with others. You have an innate sense of playfulness and self-discovery that endears you to all who come to know you. You will always have a bit of the child about you, and you tend to require considerable attention from a mate. Anyone who gets to know you knows that you take yourself ever so seriously. You prefer a mate with great ambitions and plans, who dares to dream the impossible dream! You benefit from being drawn out of yourself by someone with less self-consciousness. Above all, you really value a close friend -- especially in a lover. You are attracted to visionaries with broad humanitarian goals.

Aquarius on 7th Cusp

You love the oddball and the unfettered. You may be drawn to social visionaries and to unconventional types in general -- a taste for the bohemian. You may have many unusual relationships of short duration. There is an on-again, off-again, quality to your affairs. You depend on relationships for insights into yourself and your life.

Uranus Ruler of 7th

Report for George W. Bush Strengths in your relationships

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You are expert at getting straight to the heart of things, and would make a super sleuth, or researcher. The deeper a secret is buried, the more likely it is that you will turn it up. And when it comes to money, sex, and other highly charged issues, pity anyone who tries to manipulate you. That's your bailiwick, and there are very few who can stand to argue with you.

Mercury Conjunction Pluto (orb: 00 45')

You were born lucky and have never had trouble finding support and approval from others. You may find that working with people is what you want to do for a career. Whether professionally or not, you will find yourself guiding and directing other people in one way or another. You have a way with other people and could do well in advertising, sales... any occupation that works with the public. If anything, you might have had it a little too easy, been a little too lucky.

Moon Conjunction Jupiter (orb: 01 27')

You value independence in others, especially a lover. They must have some unique quality for you to take an interest. Your taste in friends runs to the unconventional. You appreciate variety in all things and are delighted when a partner comes up with a new and different way to get your attention. You don't like to be tied down. You probably have a penchant for inventions, electronics, and new-age technology.

Venus Sextile Uranus (orb: 02 21')

You have a knack for coming up with just what the crowd wants. You are nothing else if not an original. You can take an ordinary event and turn it into something brand new, really special. You may have had a somewhat unusual upbringing, and you like a partner who is independent and also a bit unusual. Things are seldom boring with you, for you always have just the right idea of what to do.

Moon Trine Uranus (orb: 02 27')

Good things tend to come your way, and you could end up with a lot of money, property -- possessions of all kinds. You are by nature generous, and probably give as much as you get. There could be a love of travel and exploring, finding your own way through life. You tend to appreciate authority, your elders, and conservative values. Others will value you for your warmth and openness. You are quite fortunate.

Venus Sextile Jupiter (orb: 03 21')

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. The way you talk about the intuitive and imaginative realms is very moving to others. You are able to put into words the sense of unity that we all know exists in the world but can't always keep in mind. You could be a fine poet or musician, especially a composer.

Mercury Sextile Neptune (orb: 03 53')

You have great emotional control, and this allows you to pace yourself in ways average people cannot. You can keep control when others lose it. This suggests the capacity for sustained effort on your part which may manifest in a natural athletic ability. Your relationships, which tend to be long lasting, are easy going. There is an accent on leadership and masculinity.

Sun Sextile Mars (orb: 04 28')

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

Moon Sextile Venus (orb: 04 48')

Report for George W. Bush Challenges in your relationships

You are torn between the impulse to stand on your own feet, and a need to be cared for and nurtured. Your independent streak may be ashamed of the need on your part for love and affection. It's a no win situation. This could also be re-enforced by a mother and father who may have worked at cross purposes. The resulting tension will have to be dealt with gradually and methodically.

Moon Square Sun (orb: 02 55')

You have a tendency, or perhaps a knack, for ignoring good advice. More than once you have found yourself at odds with the correct, or prescribed, way of doing things. This could manifest in a problem with authority figures. For example, you may tend to disregard the suggestions of an authority figure, perhaps your father. You have trouble doing just a little, and tend to be extravagant.

Sun Square Jupiter (orb: 04 22')

You may have a fear of taking the plunge, letting go. Perhaps you are hesitant to trust your vision or your dreams, lest they overpower your day-to-day routine. As for relationships, you tend to worry about being deceived. There is tension present as to just how much you dare trust your more mystical side. Perhaps you have been disappointed by authority figures, more due to your over-idealizing them than to their own faults.

Sun Square Neptune (orb: 07 50')

You don't have much faith in people seeing what is good about you on first meeting. You want to do something for them, somehow show them by action and work what you are really about. You are never a lightweight, for you take feelings very seriously. Sometimes you can't help but be a party-pooper. You won't just let your feelings out without examining them. Contact with others may have the effect of putting them in touch with their more serious side. Some may see you as religious or meditative.

Moon Square Saturn (orb: 09 48')

Report for George W. Bush Your Relationship with Tony Blair

The two of you may work together in the public eye. From the very first, you saw that he was a natural complement, and you knew that you could always count on his support. You might actually form some kind of business partnership. He seems to respond to your every mood. There is real harmony between the two of you. Others could come to depend on your relationship for reasons of their own.

His Moon in Your Seventh House

Here is someone with real know-how. You naturally tend to look up to Tony, and he may originally have appeared in the guise of a teacher or older person, an expert on just what most interests you. If this is to be a peer relationship, it may prove hard for you to consider Tony other than as an authority figure. You are proud to know and be associated with him. He helps to show you how to be more professional yourself.

His Sun in Your Tenth House

Tony is someone you will value for his practical and pragmatic outlook on life. You may come to depend on his advice regarding your career, or work. He can put into words ways and ideas of doing things that may better help you manage your own business. Here would be a good business partner too, one whose speaking and writing skills could prove of great value and use.

His Mercury in Your Tenth House

He values the more philosophical side of you, and it is hard for you not to end up in the role of teacher in this relationship. You find yourself in long discussions that may be as much monologues on your part as anything else. Not everybody thinks of you as a philosopher and sage. Not a bad experience. Tony is interested in your long-term goals, inner vision, and moral principles. You might enjoy traveling together.

His Venus in Your Ninth House

He tends to be gung-ho when it comes to community affairs and group projects, a real driving wheel. He loves to bring friends together and get everyone motivated. He manages to get you involved in all kinds of group-related affairs that you might not otherwise try. He may sometimes drive everyone a little mad with his ambition and idealism. He has the best intentions in the world.

His Mars in Your Eleventh House

There are real career opportunities in knowing Tony. He may be the key to providing you with insight as to how you can improve your position or social standing. He has an obvious integrity and sense of fairness that could serve to make you more upright and respected. He has the capacity to show you the way to more practical control and achievement. A great business partner.

His Jupiter in Your Tenth House

Tony may tend to put a damper on the conversation. No matter how bright you may be feeling, he probably remains cool to any of your eloquence -- despite it. He is a person of few

words when it comes to you. On the other hand, he causes you to cut back on the outflow of words and to think about what you're saying. You have to work to get your words out. There could definitely be a communication problem here.

His Saturn in Your Third House

He may be responsible for introducing you to new ideas about forbearance and patience. His insights into your psychology, as well as mankind's, are worth taking a very careful look at. Tony has an unusual ability to put you in touch with your own sense of compassion and love for other people. He can offer new solutions that could help you cross beyond a lot of petty doubts and fears, and find a deeper commitment to truth and goodness. He brings out the saint in you.

His Uranus in Your Twelfth House

I am sure both of you wax poetic when you're together. Your imagination is in top form and you seem to rise to the occasion and find just the right words. There is an almost dreamy or unworldly quality about your communications. You get carried away very easily and may sometimes wonder if there is a tendency for you each to delude the other. Who cares? It's just like in the movies!

His Neptune in Your Third House

You found Tony intense and direct from the start. Here is someone you just can't ignore. This can be a very exciting relationship. You feel he can look into inner secrets and will not hesitate to challenge you. Conversations tend to be deep and turbulent. You may find yourself going through major changes through knowing him. There may be a struggle for control or power.

His Pluto in Your First House

Report for George W. Bush Strengths in your relationship with Tony Blair

You value his dreams and idealistic nature. There is an almost otherworldly sense that develops when the two of you get intimate -- your own magic bubble. He enchants you. Movies, music, and moods are something you can enjoy together.

Your Venus Sextile His Neptune (orb: 00 24')

You tend to love his intense nature. He knows this, and that you appreciate his need for self-analysis and confrontation. Your relationship may be very intense, but always exciting. Things are seldom dull.

Your Venus Conjunction His Pluto (orb: 00 42')

You have a natural appreciation for his problems and are probably very understanding with him. You may love his sense of organization and self-discipline. You may be a trifle undemonstrative when you are around him, a little too sober perhaps.

Your Venus Sextile His Saturn (orb: 00 51')

You both have an understanding that he is a little different and likes his independence. This is not a problem. He brings some excitement and adventure to your life, and may be restless and on the go. He may introduce you to unusual friends and situations.

Your Sun Conjunction His Uranus (orb: 01 30')

This is an easygoing relationship with plenty of give and take on both sides and very little friction. There is a tendency to identify with one another, and you both have a great deal in common.

Your Sun Sextile His Sun (orb: 01 36')

He looks to you for support for his need for self-analysis and emotional probing. You probably have spent many a late night helping him through a change or two. You find his intensity workable, and you don't mind that he puts you through some emotional changes of your own.

Your Moon Sextile His Pluto (orb: 04 06')

You find Tony's way of thinking and speaking just to your taste. You have a natural sense of appreciation for his mind and the way he communicates. He has a knack for putting your own ideals and values into words. You probably have fantastic conversations.

Your Venus Trine His Mercury (orb: 04 54')

There is real mutual support here. You tend to have similar emotions and are very understanding of each other's feelings. If anything there might be too much of a good thing, and you could get bogged down in the relationship. For the most part though, this is a very nice state of affairs.

Your Moon Trine His Moon (orb: 05 12')

You can see and understand where he is coming from. You like his sense of values, and aren't afraid to tell him about it. He values you for your mentality and skill with words. He likes the way you think.

Your Mercury Trine His Venus (orb: 05 12')

You both probably love music, theater, and -- above all -- the movies. He finds you very supportive when it comes to his dreams and fantasies. You probably find it easy to get lost together in any of a number of imaginative activities. You tend to get emotionally very clear and high when the two of you are together.

Your Moon Conjunction His Neptune (orb: 05 12')

This is a good working relationship. Tony tends to bring a real sense of discipline and order into your life. You feel like making a sustained effort when you are with him. You can't help but support his sense for organization and order.

Your Moon Conjunction His Saturn (orb: 05 39')

This could be an excellent partnership, whether a friendship or otherwise. You feel that you can really get behind Tony and push him on to new heights. Feelings run high, and there is always lots of action.

Your Mars Trine His Sun (orb: 06 04')

Friends! There is real mutual admiration between the two of you, and you work well together. This would hold true of a business as well as a peer relationship. Essentially this is due to a sense of shared ideals and values. You appreciate the very same things in life.

Your Venus Trine His Venus (orb: 06 28')

Report for George W. Bush Challenges in your relationship with Tony Blair

You may feel that Tony may not always appreciate you enough and that he purposely doesn't give credit where credit is due. You may act and do things that go against his set of values.

Your Sun Square His Venus (orb: 01 15')

Tony's feelings of independence, and his unusual ways, tend to rub you the wrong way at times. You refuse to support his oddball ideas. He may find you restricting and unimaginative. There is definite disagreement here.

Your Moon Square His Uranus (orb: 01 25')

It's no secret that you and Tony can have communication problems. You may find his lack of support for what you say and think unfair and hard to accept. Yet it is a two-way street -- often your thoughts and ideas rub him the wrong way too. They are contrary to the way he feels about things, and he finds it difficult to be encouraging at times.

Your Mercury Opposition His Moon (orb: 01 40')

He may not appreciate your feelings and emotions, and may not like your moods. You may tend to ignore his values and ideals and take them too lightly. He senses that you may not support his sense of values. There could be a kind of cold war going on.

Your Moon Opposition His Venus (orb: 01 41')

There may be some problems in communication. You may find it difficult to talk with Tony, or attempts at communication end up in a standstill. His attitude and manner may leave you feeling frustrated, unable to communicate.

Your Mercury Square His Sun (orb: 05 33')

Your relationship can have all the humor of a "push me-pull you" comedy routine. It is surprising how the two of you manage to come up against each other time after time. If there is not an understanding of this tendency, it could end up with endless arguments and harsh feelings. It's amazing, with all the energy you both have, that you can't seem to get it together very often.

Your Mars Square His Mars (orb: 05 51')

You may not like many things about Tony, and he may feel that you refuse to give him credit or to recognize his values and ideas. He has a way of going on, with or without your approval. There is a kind of stalemate.

Your Venus Square His Sun (orb: 06 07')

Magnetism aside, this is not a good combination for any business relationship. You are not very appreciative of his decision-making, and you probably seldom take his advice when it comes to career decisions. He may persevere against your best wishes, with the result that he may tend to overdue, overspend, and get carried away.

Your Venus Square His Jupiter (orb: 07 42')

He may feel that you don't take his ideals seriously enough, and that you discount his more

imaginative and creative side. You may feel that he is unrealistic, only fooling himself, and is always getting carried away with one thing or another. There could be deception.

Your Sun Square His Neptune (orb: 08 07')

You may find his influence limiting and even oppressive at times. He may tend to cling to you, and there is this sense of never being able to really get going. There may be authority problems. He may view you as harsh or restrictive.

Your Sun Square His Saturn (orb: 08 34')

From time to time there may be some hard feelings and harsh words between you. You may not feel like talking, or find that you can't support a lot of what he is saying. He may not be able to understand how you feel, and resents your attitude.

Your Moon Opposition His Mercury (orb: 09 41')

Report for Tony Blair How You Approach Relationships

You love to communicate with other people, whether by talking, writing, gossip -- you name it. You tend to ignore all that is awkward or gauche, and stick to what is light and uplifting. You are always on the move, and are easily bored by situations. Perhaps you have an inner fear of being a lightweight, of being superficial, and spending too much time on nonessentials. You love to be drawn into really deep conversations by a partner, and staying up all night talking about life is your idea of living. Your partner tends to be the center and rock around which you base your operations.

Sagittarius on 7th Cusp

You like others who are educated and world-wise. You may value them for their philosophical or religious views, and may have a tendency to assume the role of a student when you are around them. You tend to use most relationships as learning experiences, and you're attracted to authority figures and partners with good common sense. You may tend toward older individuals.

Jupiter Ruler of 7th

Report for Tony Blair Strengths in your relationships

You love whatever is new or different, and breakthrough flashes of original insight are typical. You could invent something, and you have a natural love for communication and new-age technology. You appreciate independence and originality in others, especially in a partner, and may tend to have unusual friends who are very likely male. You like to keep things spontaneous.

Sun Sextile Uranus (orb: 00 06')

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

Moon Sextile Venus (orb: 03 32')

You really know how to pace yourself and seldom waste a moment or a move. It would be difficult for you not to be a success at anything you choose to do. Career problems seldom last long or prove very difficult. Others remark on your creative energy, great drive, and the fact that you never seem to let up. It all runs so smoothly. You may be moved to work with the law, publishing, education -- any field where you have an opportunity to guide and educate others.

Mars Conjunction Jupiter (orb: 04 15')

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You are expert at getting straight to the heart of things, and would make a super sleuth, or researcher. The deeper a secret is buried, the more likely it is that you will turn it up. And when it comes to money, sex, and other highly charged issues, pity anyone who tries to manipulate you. That's your bailiwick, and there are very few who can stand to argue with you.

Mercury Trine Pluto (orb: 05 35')

A passionate one. You love it when a crisis emerges and threatens to shatter the normal routine, because you yearn for a chance to undergo really profound changes. You're like the survivalists who wish the world would stop pretending and get down to the nitty-gritty. Fiercely loyal, you would rather see a relationship through hell and high water than abandon it. You delight in emotional confrontation, intense conversations, and secrets of all kinds.

Venus Trine Pluto (orb: 05 47')

You are attractive and tend to be physically active. You just might participate in or manage some athletic endeavor. You are in tune with your feelings and really know how to play a crowd for the maximum response. You can always count on support from those around you. You seldom hide how you feel and therefore are no stranger to an occasional argument. You probably got a lot of emotional support as a child, especially from your mother.

Moon Trine Mars (orb: 08 02')

Report for Tony Blair Challenges in your relationships

You could have a fear of the new and different -- of sudden changes. However, once they occur you really get a charge out of them. You would like to break away and live an unusual, exciting existence, but your conventionality holds you back from making the move. The result is that you often feel frustrated and mired in the humdrum. Jealousy in love affairs could present a problem.

Venus Square Uranus (orb: 00 16')

You are torn between the impulse to stand on your own feet, and a need to be cared for and nurtured. Your independent streak may be ashamed of the need on your part for love and affection. It's a no win situation. This could also be re-enforced by a mother and father who may have worked at cross purposes. The resulting tension will have to be dealt with gradually and methodically.

Moon Square Sun (orb: 03 53')

Everyone would agree that you make a good critic, although not everyone would agree that you are always fair. You don't like opposition. In conversations, you may find yourself squelching others' points of view. You have great mental endurance and tend to involve yourself in projects that most would find tedious. You like repetitive work.

Mercury Opposition Saturn (orb: 04 02')

You are a real dreamer but can't always manage to put your vision into words. You may occasionally be accused of cloudy thinking and of letting your imagination run wild. There is a likelihood that you frequently get yourself into situations in which you are disappointed, or disappoint others. Some clear thinking on your part could prevent others from getting the feeling that you are intentionally misleading them. You may have trouble paying attention, keeping your mind on what you are doing.

Mercury Opposition Neptune (orb: 04 29')

You may have an inordinate fear of dying or confrontation, for there is a part of you that resists change and tends to put off getting down to the real heart of a problem and clearing it up. This attempt to avoid confrontation may find you involved in one power struggle after another when it comes to personal relationships. All of this creates a lot of energy that you carry around with you. Working it out takes patience and great care. You tend toward explosions and may have strong disagreements with authority figures.

Sun Square Pluto (orb: 05 26')

Everyone who comes to know you will remark on your high ideals. You are indeed a beautiful soul, and you probably suffer many disappointments. Friends may see you as unrealistic and otherworldly, afraid to put your dreams to the bitter test of life and actuality. Those close to you may feel that your continual disappointments are a deception on your part, a refusal to face life.

Venus Opposition Neptune (orb: 06 53')

You find yourself hampered by authority and elders. Too many rules and regulations may

inhibit or put a damper on what your heart feels like doing. You may procrastinate and put off attending to the necessities, with the result that duties tend to pile up. You might be somewhat defensive about expressing your real likes and dislikes for fear of being criticized or cut down. You don't always play by the rules.

Venus Opposition Saturn (orb: 07 19')

You have always felt vulnerable when deep emotional issues are brought up, and may have a history of avoiding confrontation and self-examination. You are ever so sensitive to ideas of death, helplessness, and vulnerability in general. You see them only too well, and they haunt you. There may well be some childhood experiences that were rough or harsh for you to accept. Any partner will have to tread very gently when it comes to matters of feelings and security. You may tend to dominate a relationship, but without success.

Moon Opposition Pluto (orb: 09 19')

Report for Tony Blair Your Relationship with George W. Bush

The two of you may end up working with the public on some health or service-related project. That may even be how you met. George W. personifies, and brings to your attention, concerns that you have known about for a long time but perhaps never acted upon. Things like diet, smoking, exercise, preventative medicine...anything that exemplifies a caring attitude. He is very supportive, and when you are with him it seems that all these endless details are easy and even fun to care for.

His Moon in Your Sixth House

At last, someone you can really talk with. You should have become instant friends from the very start. George W. is the kind of person that is intellectually stimulating. Together you could spend great amounts of time exploring ideas and concepts, taking walks, and even short trips. Talking until dawn is not impossible with him. The platonic thing was there from the start, and there is a sense of the brotherly and sisterly between you. No matter what else, you will always be first and foremost, good friends.

His Sun in Your Third House

You may get together with George W. to talk about home and family, and sending down roots. His ideas are down-to-earth and settling, and you find this a relief from all the jet-set kind of conversation that is the norm. He seems almost like a family member, and you feel good when the two of you are together. He always manages to remind you of the virtues of a simple life, without all the fancy stuff. You may learn of property or housing arrangements through him.

His Mercury in Your Fourth House

George W. appreciates your sense of self -- the way you feel and express yourself. He is proud of you and always urges you on to greater heights of creativity and self-expression when you are with him. Through him you may discover that you are more of an artist or performer than you had imagined. There is much affection and plain old good feelings. Great friendship potential. A healthy relationship. You also may have similar views when it comes to ideas about animals and children.

His Venus in Your Fifth House

George W. is a living incentive for you to get out of yourself and do things. Things get very physical, and this runs all the way from good verbal exchange to physical activity in general. There is a fresh, almost childlike, quality to your relationship. You feel strength and perhaps are proud of how good you feel about yourself when you are with him. There is the danger of too much of a good thing. The whole thing could get a little self-centered.

His Mars in Your Fifth House

You love to work together. George W. has a knack for getting you involved and feeling more responsible. He may introduce you to many new ideas concerning food, health, exercise -- new-age ideas. You may have found yourself caring more about other people and about all of life when you are with him. You have become more self-sufficient through knowing him. He
