Starting Positions - Transit

Mars in the 5th

28°44' Aries

You're coming into a creative and competitive phase now, one in which you want to be admired and appreciated for what you do and who you are. A lover or child becomes a focal point in your life. Romance and such creative pursuits as hobbies are an outlet for much of your energy.

Mars in Aries

28°44' Aries

Fresh challenges and initiatives light your fires now, as a new cycle begins in your life - lots of energy, a powerful urge to be first or come out on top. Away with the old and on to the new - let no one and nothing stand between you and your objective! Headstrong impulses and rash courage can take you far ... sometimes in harm's way, if you're not careful.

Jupiter in the 10th

17°38' Virgo

Ambition takes center stage now. Achievements that win you reward and recognition are yours for the making - but you must make them happen, you cannot simply wait around and expect them to appear full-blown. You could develop a knack for being in the right place at the right time, and you may find that you have friends in high places.

Jupiter in Virgo

17°38' Virgo

"To serve and protect" is the motto that best fits the cycle that now dawns in your life. Taking better care of such material concerns as work and health becomes an article of faith. You see the big picture where these things are concerned and realize that it can only come together when all the details are in place. Sometimes, in trying to get these details all lined up, you might lose sight of your objective. Remember: Look beyond the trees to see the forest.

Saturn in the 8th

07°24' Cancer

Financial responsibilities and investments need close attention now. Play it safe where such things are concerned, or you could find yourself in a hole. Sex, death, and other of life's mysteries could be taken too seriously, when in fact they are just natural functions made to loom so large only by ignorance and taboo.

Saturn in Cancer

07°24' Cancer

Putting down roots and building a solid foundation is essential to your sense of security now. This means coming out of your emotional shell in some sense, and you may find that very hard to do - but it's essential nonetheless. Caring is not weakness, but strength.

Uranus in the 3rd

01°37' Pisces

Unusual ideas and novel ways of expressing them play' bigger than usual parts in your life now. A neighbor could play a part in this, or perhaps a brother or sister. The ways you get around and stay in touch at the everyday level are changed by technology or social circumstances.

Uranus in Pisces

01°37' Pisces

Radical mysticism, idealistic visions, new insights into the linkage between the past and future: all these things are accentuated now, as you come into a new cycle. Experimenting with artistic norms and breaking the rules satisfy an inner need, yet may exact a toll if you are not conscientious about it.

Neptune in the 3rd

12°50' Aquarius

"Don't confuse me with the facts" is your motto now, as you tend to lose sight of the details in favor of seeing the underlying connections that link them together. This can make the way you think and communicate very inspired and inspiring, but it can also lead to confused decision-making and difficulties in making yourself understood by others.

Neptune in Aquarius

12°50' Aquarius

Humanistic ideals and a belief that technology and social reform can create a utopia become powerful and inspiring images at this time. Personal and selfish concerns seem petty and ignorant - and all the more so if they are part of the status quo. Liberty, equality, fraternity: are they the ultimate answers or only the foundations for something that transcends them all?

Pluto in the 1st

21°30' Sagittarius

Charisma, self-transformation, the development of personal power: these things play a bigger role in your life now, more than ever before. Remember that tiny causes can lead to big effects. This is a time of profound changes on the personal level - psychologically and perhaps physically as well - as if you're transforming into an entirely new person.

Pluto in Sagittarius

21°30' Sagittarius

The test of faith, the inquisition, the purging of the superficial: these issues take hold at the very roots of your existence now. This is a kind of spiritual or philosophical rebirth, and it is not always gentle. Ultimate answers come from far away.

Starting Positions - Secondary Progressions

Moon in the 11th

26°31' Libra

You draw emotional sustenance and a sense of security from ideals, friends, and social involvement now. There is a need for change, a desire to break with outmoded patterns from the past... a longing for the new, the different, the unique.

Moon in Libra

26°31' Libra

Refinement and relationships are the keys to emotional satisfaction for you now. Harmony and beauty are deeply satisfying - and the lack of them can be emotionally unsettling. Close personal ties to other people are a focal point for your feelings - marriage and other partnerships could be a key arena for this.

Sun in the 4th

04°34' Aries

You're coming into a period of greater than usual emphasis on emotional security, which is likely to manifest as putting down roots somehow. Home and family matters can play a big part in this: relatives take on greater importance than ever before. Real estate plays a bigger part in your life goals.

Sun in Aries

04°34' Aries

A new sense of self, a more assertive personal style, a more dynamic approach to life: these are the hallmarks of the cycle that begins for you now. Doubts fade into the background, and reserve is more and more a thing of the past. It's time for action; your destiny is in your hands, rather than set apart. Full speed ahead ("and damn the torpedoes") is your motto now, for better or for worse!

Mercury in the 4th

17°31' Pisces

You're entering into a cycle of mental development that emphasizes the past and your roots in life. Curiosity about such things leads to study and research. Real estate and/or home and family planning take on greater importance for you. A time of nostalgia, of thinking about security and permanence.

Mercury in Pisces

17°31' Pisces

Knowing things without knowing how you know them is typical at a time like this. The

mystical, the universal, the eternal: these are the things that stir your curiosity. Call it psychic, call it deja vu ... it can be there when you call on it, whatever you call it. (Remembering the little things might become more difficult, however: it's tough to remember if you paid the electric bill when you're more interested in the eternal verities.)

Venus in the 6th

18°49' Taurus

Work, health, diet (and the other things that take care of us if we take care of them) can provide a lot of satisfaction as a new lifephase begins for you. These things can lead to love and a new-self image if you stick with them.

Venus in Taurus

18°49' Taurus

A love of music, an appreciation for sensual pleasures and others of the finer things in life - such are the signs of the cycle which has begun for you. This is aesthetic and artistic to be sure, but it is also practical and materialistic: you develop a keen appreciation for the value of things, including the money it takes to buy them.

Mars in the 7th

25°05' Taurus

Close relationships and other ties between people become a focus for much of your energy now. New partnerships are entered into; old ones are renewed or else they get left behind. You try your strength against another's, learn to cooperate or seek to conquer.

Mars in Taurus

25°05' Taurus

Making the most of what you've got, striving for security and stability: that's the impulse that stirs in you as a new cycle begins in your life. New frontiers? That's kid's stuff for you now! What you want is to build something that will last: a pyramid, a Great Wall - you know, that sort of thing. Steady, patient, solid: that's your style now.
