

## All about Your Birth Card

*Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.*

The Five of Diamonds Person

The Salesperson Card

This card has its share of challenges and its share of gifts. Like all Fives, they dislike routine and abhor anything that pretends to limit their freedom or put them in a box. They can be perpetual wanderers, never settling down for anything long enough to make it pay off. This includes their work and relationships. All Five of Diamonds have an inner restlessness, but they also want to accomplish something of value and stability in their lives. Often these two conflict with each other and it is a trick for them to find a career that gives them both. For many, sales is the work of choice. They can relate to people on all levels and this gives them great success in this area.

There are likely to be financial losses in their life and situations where their kind-hearted nature costs them a great deal. Being closely associated with the Nine of Diamonds card makes them very giving people and tells us that there are outstanding debts to be paid in this life from the past. These people are givers and love to share their resources with their family and close friends.

They are inherently spiritual and know what is of true value. The challenge comes in practicing what they know. They come into this life with a certain amount of karma which often takes considerable hard work to discharge. If they are lazy, there will be many problems. They must practice what they know and do what it takes to get the job done without shirking responsibility. If they align themselves with a higher purpose or ideal, they can become the creators of their destiny and have much more success and fulfillment. Such a strong Neptune influence creates a desire to help others as part of the life's work. If this Neptunian vision is used only to pursue their own personal desires and fantasies, it always backfires and brings pain and suffering.

Some of the Five of Diamonds Issues Concerning Relationships

These people are restless and changeable - often averse to commitment and for these reasons, many of them have difficulty in making a relationship work for an extended time period. They are attracted to those of wit and creativity and they themselves can be quite charming, but also calculating and crafty when it comes to love. In many cases, love is a mental game to them and many of them lose sight of their feelings as they get wrapped up in their analysis of love. They can be very sneaky and dishonest in this area if they choose to. At the same time, contact with books and other knowledge material about love and relationships always has a tremendous impact on them and brings them up to a higher level and more happiness.

The whole concept of marriage and the yearning for intimacy that love requires is a major challenge for them, one that they are sure to deal with a lot during the course of their life. Being a Five they don't want to return to the confinement of the "box" that marriage can represent. They want to explore and be adventurous.

## *All about Your Planetary Ruling Card*

*The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.*

### King of Clubs as Your Planetary Ruler

This ruling card adds a lot of power and maturity to your personality and gives you some mental gifts that many would be envious of. You have a strong intuition and a quick mind that is usually right. But you are also able to communicate your ideas and perceptions to others in a way that doesn't put them off. You have leadership abilities and probably assume some role of responsibility in your work. Either that, or you have your own business. You may have some challenges with commitments in personal relationships, or attract others that do. You are actually a good candidate for marriage, and once there, will find great satisfaction and peace of mind.

## Auspicious Events Occuring at Age 58

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

You will get a Wish Fulfilled This Year

Your Birth Card falls in a position this year that is governed by the Planet Jupiter. Because of this you will have a certain amount of good fortune and you will see at least one of your important wishes fulfilled at the same time. This does not mean that every problem in your life will disappear or that everything will be easier. But it does mean that some things will come easier to you and that something you want will manifest itself. This is, for the most part, going to be a year of prosperity and abundance. Though you may have challenges in other areas, there will be much to be grateful for. Magnify this prosperity by receiving it and giving thanks.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.
