LUNAR RETURN DATE: January 11, 2004 at 6:09:51 PM

Zodiac Signs on the Ascendant and MC, and the Ascendant Ruler

The zodiac signs on the Ascendant and MC, and the house position of the Ascendant ruler at the time of the Lunar return are described below. Your social and career opportunities for the coming month are influenced by these signs and house placement.

Lunar Return Ascendant Leo :

BE A LEADER
USE YOUR CREATIVE ENERGY

You will be courageous, proud and somewhat egotistical this month. You never get even with people who have done you wrong, you just write them off your guest list of life having very little to do with them.

You are an incurable romantic and dreamer, and are perfectly capable of making dreams a reality. In your career you need a position where all of that Leo energy can shine through. A job in the background would stunt your growth and creativity leaving you bored to death. You make an excellent leader and because of this you do not take direction or orders from others very well. Careers that allow your creative energy to shine, that bring forth your outstanding and dramatic abilities are what you seek.

You will be much more proud and stubborn now, finding it very difficult to break undesirable habits and behavior patterns. Your stamina can also be a wonderful asset, and you can easily inspire others to be their best. Once you are motivated, you seldom hesitate to act on it, but do have your bouts with laziness to contend with. Leo loves to buy the best, but be careful as you can go overboard in overestimating your needs. Leo is ruled by the Sun, ruler of willpower and ego, and on the negative side you can be a manipulative power monger. You are apt to be intensely self absorbed, and god forbid you should ask for assistance from others, as this is a sure sign of weakness. Generosity and warmth wins many friends, and your inspiration for others is also a plus this month. Creative abilities, art, music, entertainment and communications fields are where your efforts will be placed. Health wise, overwork, heart problems, lower back pains and complaints, anxiety and overindulgence in the good life can be expected to some degree this month, as they are the most vulnerable points in your health.

You have great respect for people who are solid like yourself and when you make friends, it isn't half way, it is all the way. People can count on your trustworthiness, sincerity and know that when the chips are down, you will be there and you expect the same from others. Although you love to "give" of yourself, you need the recognition, a pat on the back or a simple thanks for the effort.

The proud Lion would never allow anyone to see him/her suffering from misfortune or vulnerable to the world around them, but still there are those infrequent times when even the best of us get down in the dumps. You are known for your courage and strength of character, and other people recognize it and you draw them to you for their own support and source of inspiration.

Yes, you are somewhat self centered this month, and what mark you can make on the world in the name of self expression is your forte. Do the best that you can, and the world can use you as a model for their own gain and inspiration. Look to the house where the SUN is located to see where you SHINE this month.

Ascendant is in Leo, Leo Decanate

Ruled by the Sun, you will be proud, determined, sincere and courageous in everything that you do. You will either make an excellent friend or miserable enemy. You won't let anyone step on your sense of importance if they want to get along with you. You will have a great enthusiasm and possess leadership abilities, but you must take control of your temper, pride and vanity.

Ruler of Ascendant in 6th house

With the Lunar Ascendant Ruler in the Lunar 6th house, the things that you must do on a day-to-day basis, and matters of health will be very important. The 6th house represents the job you do, or daily occupations and things that you do to be of use and service for others.

Lunar Return MC Aries:

Since this is the most "visible" part of the Lunar chart, it represents how you are actually seen in the world by others. It represents your more outward or public face and where you are likely to encounter success, and your reputation in the world. Your goals will be to charge forth through life and propel yourself into unusual circumstances with somewhat mixed results. Your actions will positive and direct, but you must keep all of your business and personal transactions as honest and straightforward as possible. A wonderful influence for any sort of mechanical endeavors and sales and publicity fields would be an excellent career choice for you. Your outward appearance is your strength, being a leader not a follower as an inspiration for others. It should be noted that you will not fit into the "social structure" of what everyone else does because you are self confident and others can follow your lead, not the other way around.

Arrogance, lack of sensitivity & selfishness are characteristics that you should avoid, because somewhere down the line the reality that other people have the same rights as you will be quite evident.

When you get ideas, you act on it immediately and with such enthusiasm and lack of forethought that a favorable outcome stands a 50/50 chance of working out. If you cannot do the planning in such a venture, find a competent counterpart like a Taurean who will make sure all of the fine details are accomplished before submitting it to higher ups, therefore bringing success. While all of this is happening, you can be onto other ideas and ventures. You are an idea person, NOT a detail person. Learn your limitations and assure success all the time.

Zodiac Signs on the Other House Cusps

The zodiac signs on the other house cusps affect your attitude to many areas of your life, and have a significant impact on what kinds of opportunities and challenges will present themselves in the coming month.

Leo on 2nd cusp:

Leo on the cusp of the second house of money indicates that whatever you make will be directly connected with your joint view of self worth. Since security is a Leo matter, located in the second house, making money will be a major focus. You seem to instinctively know what the public needs and wants, and this is where your money-making focus will be. Look to the house that contains the Sun to see where that energy will be focused. Not only is money important for you, but also involved in this picture is the financial picture for children as well, and their long term security. Remember that Leo is a party sign, and extravagances from time to time should be expected. Look to the house that contains the Sun to see where you can make your money.

There can be strong sentimental attachments to others, neighbors, and people in your immediate environment, but a tendency to be critical of the way they think and how they should run their lives. If you push yourself to hard in work, there can be physical ailments to deal with. As someone in charge of others, you will be very strict, demanding and a disciplinarian. Sometimes Capricorn located here avoids work altogether because of lack of interest in themselves. You value a challenge and responsibilities that accompany it. Look to the house where Saturn is located to see where you might find work or service to others.

Aquarius on 7th cusp:

Relationships, partnerships, marriage, people you have close associations with, cooperation or lack of, contracts, and legal matters are all part of the seventh house, with Aquarius located here. You will require a great deal of independence and freedom if relationships are going to work at all. The more you need to keep others in check, the more freedom is needed. In order to make relationships work, you must approach them as friends first, and emotionally you are likely to remain detached. Look to the house that contains Uranus to see how you will deal with partnerships.

Aquarius on 8th cusp:

The eighth house deals with joint resources. Possessions that are not earned directly by you, but obtained through the relationship, wills, or pensions. It also has to do with money belonging to others such as taxes, corporate money, insurance, and the stock market. The eighth house also relates to the mysteries of life and sex. Aquarius will have an influence on the above matters by making you independent in your finances. In spiritual matters you will have some very profound and new age ideas which can be of benefit to mankind, since you are such a humanitarian. Your views on sex, death and birth are apt to be very different as well. Look to see which house Uranus is located in, to see where your joint money can be found.

Pisces on 9th cusp:

The ninth house is the house of long range goals and long distance travel. Religion, philosophy and higher education are ninth house matters. With Pisces ruling the ninth house, you will be strongly involved in spiritual and religious matters, with a visionary point of view. Travel can be accomplished on the physical plane or the astral one if you don't have the funds for an actual trip. Look to the house where Neptune is located to see where your interests in higher aspirations can be found.

Gemini on 11th cusp:

The eleventh house has domain over achievement of goals and objectives, and hopes and wishes. Humanitarian efforts, clubs, groups, associations, sharing ideals are also associated with the eleventh house. People that support your efforts, friends and connections to the outside world can be found in this house. With Gemini located in the eleventh house, the focus turns to personal connections with people who have the same intelligence, humor and wit as you. Making friends comes easy for you, and your sense of humor is heightened with this placement. You will happiest when you are with other people, but need constant mental stimulation to be happy. Look to the house where Mercury is located to see where you might find your friends, associations and group involvements and interests.

Cancer on 12th cusp:

The twelfth house rules the subconscious mind, problems arising from unseen causes, and limitations in our lives. This house has rulership over behind the scenes activities, emotional problems, secrets, deceptions, problems to overcome, the side of ourselves away from public view, where the soul can step back and take a look at the world around us. The twelfth house also has rulership over prisons, hospitals, and other institutions that would remove you from society. Cancer energy on the twelfth house indicates it will be hard to let your feelings show, keeping your innermost feelings to yourself. Even though you are generous to others, your feelings are easily hurt if you feel unappreciated. You require a lot of TLC or personal attention, as you can easily feel taken for granted for your efforts. It will be difficult for people to understand what you need, when you keep your feelings and thoughts to yourself. Look to the house where the Moon is located to find that area in which you retire from public view.

Sun square Mars:

The Lunar Moon is now in your 2nd house. The Lunar Moon rules your emotional needs and the specific houses show where your needs will lie and be met for the next month.

When the Lunar Moon is in our 2nd house we become emotionally attached to our possessions. Generosity isn't commonplace during this month because we are too involved in our own patterns of security. Spending money can be the way we pacify our emotional needs and we will buy more useless material possessions to make us feel secure, wanted and needed and if we were in a different frame of mind, we would know that.

Men will spend their money on electronic gadgets of any kind, whereas women will take a different approach and buy clothing, jewelry and products to beautify themselves. The routine and everyday financial matters of life take on great importance this month. Balancing the budget and increasing your savings should be the goals that provide emotional security for you. Groceries and domestic supplies also can also bring emotional satisfaction. If you are short of money this month, you will also be short on self worth as well. On the positive side we can appreciate what we have a lot more, especially if they trigger thoughts of the past that brought us great happiness. If the Lunar Moon is harshly aspected while it is here, matters of security can look for material gain to satisfy it. If you are away from home this month, there will be a great need to come back now, so that you can feel more secure in your own surroundings and bed.

Moon conjunction Jupiter:

This month brings with it the consumption of food that is too rich for your body to handle. A new relationship can enter your life that can develop into real love. This is not a time for work because you are in a very lazy frame of mind. Instead, this is a month for goofing off! Your emotions are out of harmony with others, and there can be difficulty adjusting to family expectations as well. Domestic problems can arise and should be dealt with immediately. This is an unfavorable time for public relations and business activities involving public contact. There will also be an uncertainty relating to people that you associate with, and a lack of maturity in social situations. Avoid dishonesty at all cost and stay away from dishonest people. You may notice that your nerves can be on edge so make sure you have all the facts before you engage your mouth.

Avoid any sort of contracts, as the fine print is not to your advantage. Delays in mail are to be expected, so if you are waiting for something, be patient. WATCH YOUR DRIVING to avoid any mishaps.

Ill health connected with drugs, medications or alcohol is possible, so be careful in their use as you are very susceptible to Negative effects from them, whether they are prescription or not.

Mercury trine MC:

Social life picks up again and expressions of affection come very easily. If you are looking for a wedding day, try to find one that takes place during this month. Mars

The placement of Mars in the Lunar return chart affects your drive, ambition, and vitality during the coming month.

Lunar Return Mars in 9th house:

Mars is in your 9h house this month. Mars is the planet of intense activity and the house it occupies by placement shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy.

This is a wonderful placement for creative and intellectual work or studies. Be careful in trying to convince other people of your beliefs, as you will have the sensitivity of a sledgehammer. Travel will be very satisfying unless under harsh aspect. In laws can be a source of inspiration or a real burden now, so watch your remarks when the family is together. Expand your own beliefs and knowledge through education and legal matters and court actions can develop. If Mars forms a difficult aspect while in the 9th house, then you can encounter danger

while traveling or visiting places far from home.

Mars Quincunx Jupiter:

You may find out too late that the people that you put your time, effort and love into do not have your best intentions at heart. Arrogance, accidents and impulsive actions are advised against and caution is advised in business dealings with foreigners and danger is present while traveling!

You will find that projects you are working on or activities STOP temporarily and your health may not be at its best. Have you been overdoing it physically? An illness is a strong possibility now, arriving quite suddenly to remind us that we are human and we need a break

Explosive situations can easily get out of control this month, and changes will seem to be imposed on you rather than chosen. Be aware that freak accidents are very possible.

An influence of this energy is one of being enveloped in a cloud of constant negativity and you may find yourself just trying to get a break from yourself. Money becomes nonexistent, but like all things there is a positive side. It forces you to finish tasks that you have been working on and bring them to a successful conclusion. Once this month ends, then everything goes back to normal, whatever normal is.

Expect nervous tension and an irritable nature to be your friend for now, so spend some time by yourself and avoid getting into tiffs with close friends and associates.

You will be very erratic in your actions for no apparent reason. Avoid working on or near electrical equipment, wiring, appliances, machinery, sharp tools, fireworks or automobiles until after this month passes. Do not give into the peer pressure that dares you to do something out of the ordinary. If this situation does arise, you might want to consider new friends. Your behavior might cause separations or permanent breakups of relationships, friends and family.

Mars sextile Neptune:

Visionary business practices pay off very nicely, so introduce new ideas to someone, they will be well received now. This is a highly favorable time for romance, or this can be a highly creative time. Romance can take place at a distant place, or while traveling. There will be a strong intuitive awareness of other peoples' moods and feelings that will be very much on target.

Mars trine Pluto:

Encounters open a wider circle of colleagues to you this month and renewed commitments of love can be undertaken. Insights into love can occur that are quite profound and strong attractions to the opposite sex will be felt. Marital relations can find their beginning now, and if at all possible, give flowers to someone special. True love can be found somewhere close by you, and remember that "Love will conquer all" is the theme of this influence. Those of sad heart will be much happier than in the past this month.

Thus is a time of sexual stimulation which should be quite exciting and there will be a greater tolerance for others and is a virtue which should be exercised at every opportunity. Your social life will pick up and you may have the urge to invite people over for a party. Secret loves can easily develop and existing relationships will rise to a higher level of understanding.

Mars Semisextile Node:

Harmonious social occasions in any sphere of life can occur this month as your popularity is on the rise. There is a strong urge to be united and belong with others and your personality will bubble with enthusiasm and you will be much more obliging to others.

The emphasis is on love and artistic pursuits and your physical attraction level is high. There is a sense of harmony and a very positive outlook on life. Love unions are probable as well as a love of humanity. Your associations will be with people who are out of the norm or somewhat bohemian in nature. Relationships that are formed can be quite obsessive, and relationships that are going along well this month can become obsessive as well.

Jupiter

The placement of Jupiter in the Lunar return chart determines in what areas of your life you are likely to have opportunities for growth and expansion during the coming month.

Lunar Return Jupiter in 2nd house:

Jupiter is in your 2nd house this month. Jupiter tends to expand your efforts and brings good fortune and positive change to the house it occupies.

The main emphasis is on making money and acquiring wealth, but be careful in managing your resources, you can get carried away to your detriment. Make any necessary changes in your financial planning that you need to. A danger this month is that you will go after something materially that you believe you really want, only to discover later that it was a passing phase. If Jupiter makes any stressful aspects while in the 2nd house, there will be purchases that will probably be out of the realm of practicality.

You will feel much more secure and cared for and feelings of doubt and insecurity will disappear. All money matters are favored and business dealings, speculation, investments and pay raises as well as pensions will do well. You may decide to return to school, teach or do some writing (for money). Should you have the need to borrow money, you can do so with little difficulty.

Jupiter square Pluto:

Whatever you do keep your motives, intentions and dealings with others honest, above board and on the right side of the law this month. You may burn bridges to your past in favor of the future and new beginnings. There will be an overwhelming need for power over others, just be careful that you don't use people for your own purposes and then discard them. You will notice that you pick up some very bad eating habits as well. Jealousy is a danger with this placement.

Reforming others comes under the gun of influences as well, so be careful of who you are trying to reform as well as your motives for doing so. Even though you aren't the authority here, that won't stop you from thinking you are. Expect very radical changes in thinking and attitudes which may have you a bit baffled as well as those around you. Other conflicts will be seen in litigation, joint finances, insurance, taxes and alimony. In your work practices, make sure to take care of all the little details and be especially careful not to overlook anything, because missing the finer points of any project can be your downfall.

Jupiter trine Node:

There will be a noticeable increase in social contacts with friends and you will both look forward to and enjoy their company. Harmony in traditional educational, religious and social beliefs exists.

Saturn

The placement of Saturn in the Lunar return chart determines where you will encounter obstacles, difficult lessons, and where discipline will be needed in your life during the coming month.

Lunar Return Saturn in 12th house:

Saturn is in your 12th house this month. The purpose of the planet Saturn is to teach us and help us to mature in the houses associated with Saturn. The stronger we resist these changes, the stronger the effects will be felt until we submit to a more structured way of life.

A month for withdrawing from the world and in a retreat or place of seclusion. It is the time to say adieu to old habits and prepare for a rebirth of self. Break old habits and say good-bye to old failures and inadequacies and cut your losses now and look ahead to the future. Favors work done in secret, parapsychology, Ashrams, retreats and the culmination of Karmic debts. If Saturn makes a difficult aspect while in the 12th house, fears, moodiness, depression or underhanded means must be guarded against.

Uranus, Neptune and Pluto

The placement of the 3 outer planets in the Lunar return chart indicates areas in your life that are likely to take surprising twists and turns, where idealism and illusion may enter your life, or where compulsive or extreme situations may arise in your life during the coming month.

Lunar Return Uranus in 8th house:

Uranus is in your 8th house this month. Uranus is the planet that causes us to make changes of the sudden and electric kind in our lives with very little regard as to whether we want to or not.

Expect changes of some kind in joint financial matters which can experience loss or gain. Deaths, inheritances, taxes and sexual matters arise and love relationships that begin this month will be different, but may not pass the test of time. Do not make any permanent commitments this month as current relationships will have to be altered or end, because things cannot remain as they were. If Uranus makes a difficult aspect while in the 8th house, there can be the death of a person that touches you very deeply, or problems that arise in business, with taxes, wills and insurance.

Uranus sextile MC:

There will be a strong need for pursuing friendships that are void of intimate contacts and opening yourself up to brand new ideas, ways of life and career. There will be a strong and sudden urge to investigate something new as well.

This is an excellent time to change your residence or make improvements on your current property. Whatever choice you make, it will come with a swiftness known only to the planet Lunar Return Uranus.

Lunar Return Neptune in 7th house:

Neptune is in your 7th house this month. Neptune is the Grand Master of illusion, deception, imagination and inspiration, perhaps all at the same time. Psychic and intuitive aspects can emerge from our personalities either consciously or subconsciously and new concepts that are somewhat poetic, compassionate and humanitarian can

easily arise. As long as we remain realistic in our approach to life, we shouldn't encounter too many lessons though. Expect Neptune to put you through many changes of perceptions and your views or reality will be altered several times as well.

Watch the fine print in legal matters as they can be confusing or downright deceptive. Relationships, marriages or business partnerships can take on a confusing tone or prove to be deceptive in some way. Misunderstandings due to communication differences are likely, so be realistic in your expectations of others. Do not begin any new relationships this month. If Neptune makes a difficult aspect while in this house, there can be deceptions in marriage and a withdrawing from others.

Neptune square Node:

There will be a strong urge to retreat from people who require your help and an avoidance of people that you do not want to meet. If you are experiencing times of difficulty, you will find the need to shun contact with others, if only to avoid a confrontation.

Tension, bad luck and disappointments can arrive in your life this month, but do not fear, because it will soon be gone!

Lunar Return Pluto in 5th house:

Pluto is in your 5th house this month. Pluto is the master of digging down beneath the surface of who you are and bring some very powerful yet subtle changes into your life. Pluto is where your OBSESSIONS can be found this month.

An overpowering need for love affairs, frenzied creativity, and changes in relations with children should be expected during this month. Power plays regarding any of these matters can be expected and at the very least, affairs and relationships will be very intense. The strong ones will remain, while the ones that cannot cope with change, will end. If Pluto makes a difficult aspect while in the 5th house, then there can be disruptions in romantic and sexual problems.

Pluto Sesquiquadrate Asc.:

Secrets you may have been hiding as well as motives and activities are brought out into the open, whether you wanted them out or not, whether good or bad.

You may experience a sort of crisis in your life this month and some conditions may come to an end. Your encounters with people will be exceptional at the least. Is your present relationship in trouble? It can pass away from you this month. Be careful not to employ underhanded tactics in dealing with others.
