The analysis of each city begins on the following page.

After the name of the city, the latitude and longitude of the city is given. For the benefit of astrologers, the "relocated Ascendant and Midheaven" are also given. You can ignore all of this information; what is really important, of course, is the analysis of the city.

Here are some suggestions on how to get the most out of this report: Whenever you plan a vacation, are going to visit friends, on a business trip, or planning on a place to relocate to, you can refer to the analysis given in this report. Remember also to use all of the information available to you when analyzing a given place. For example, if you hate cold weather, you probably will not enjoy moving to a city near the Arctic Circle! However, you will find that if the astrological influences are positive, there will be some nice experiences to help you through the long winters. In addition to weather, carefully consider the culture, the kind of people, and other issues that may be important to you (crime rate, quality of schools, natural environment, etc). Most places offer a rich variety of possibilities. For example, two people (whom I will call Jack and Jill) may be very similar but Jack may find that he loves Chicago and lots of opportunities come his way, and Jill may have just the opposite experience. The astrological influences for Jack and Jill are probably very different. Also, keep in mind that a good attitude and skillful use of the energies available to you enable you to transform the most difficult challenges into a creative solution rather than become a frustrating and limiting situation. It is up to you to find creative solutions to the challenges that you face.

Note that an accurate birth time is required for this report to be accurate. Also, you may wonder if an astrological influence will still be in effect if you are 15 miles or 30 miles from any given city. The answer is yes. The influences described in this report extend in across a region that varies from about 100 miles to 350 miles. It is safe to say that the influence will extend 50 miles (sometimes more) from the city. An astrologer can help you pinpoint areas of strongest influence as well as analyze additional factors at work in a given location.

Finally, you may be asking yourself, "I wonder if this report really works?". We are convinced that it does. The astrological techniques used in this report have been used by hundreds of astrologers on thousands of people and there is very strong evidence that the techniques do work. Still, astrology is extremely controversial and the techniques used here have not been proven scientifically so we cannot guarantee that the methods do work.

1: **PARIS, FRANCE** 48N52 2E20 17 CN 37 20 PI 19

Asc Trine Venus (Orb:0 Deg 02 Min)

Here is the location you should be in if you want to be popular, enjoy artistic and cultural interests, love the social scene or enjoy surrounding yourself with beautiful objects and people. In this place you can fall in love with everything, including the ideal of love which is not to be confused with committed relationships, but several romantic relationships. If you are looking for a place to work, then consider someplace else, as this is an area for PLAY! You will be extremely warm and generous to others and will go out of your way to give or attend a party. There is a negative side to all of this fun, and this comes in the form of weight gain through overindulgences of food, and overindulgences in alcohol as well. It won't be difficult to make friends or gain help and support from others because people will just take an instant liking to your happy and cheerful mannerisms.

MC Square Jupiter (Orb:0 Deg 20 Min)

This is a very favorable place if you are thinking of retirement, looking for a stable environment, or interested in security for yourself. You will find the comfort and ease of life that you may be seeking and can surround yourself with luxuries to make life much easier. There will be a strong desire for a large family in this location and you can become the head of a family unit or group here.

Matters of real estate and property are favored, along with the desire to live in a larger than average home. Investments of any kind will prosper here as well. You will find that you need lots of space between you and others because you can feel boxed in and need room to breath. It might be best to keep your neighbors at a distance from each you to facilitate these desires. Peaceful and tranquil surroundings are a natural tranquilizer for you and your home is a place of retreat and solitude from the big bad ugly world outside your domain. This is a very favorable place for you because you are much more content and comfortable.

You can be strongly attracted to your family history while in this location or you may enjoy researching your family tree or other curiosities. If this location lies in a foreign country or circumstances that are foreign to you, there will be more than an idle fascination for their customs, religions or culinary habits.

MC Conj Venus (Orb:2 Deg 44 Min)

In this location you will find a greater interest working in the artistic fields, music and public relations. You can use your special captivating personality to get you into the good graces of the boss, or people who can be of benefit to you. There will be an increased social ambition and can spend a lot of time hobnobbing with the rich and famous or wealthy who can be of benefit to you.

Your natural pleasing mannerisms are in abundance here and people will naturally take a liking to you. Marriage is favored and you may be able to increase your social standing in the community through this partnership. It might not be a bad idea to be on good terms with the boss because he may have a son or daughter that can strike your fancy. Of course all material possessions will be important, but money will be your highest priority.

Now that you have the need to make money, you will have to be careful to budget your spending carefully, or you can wind up overspending through your extravagances. There will also be a strong desire while here to have the nicest things and keep up with what your neighbors have. A lazy streak can also be emphasized while here,

so use care to keep yourself busy. In matters of romance and love, there will be an even flow of affection coming in and going out to others, which can make a big difference in your way of life.

While you are here you will notice that your contacts with women will greatly increase, and these contacts can benefit you financially as well. There will be a noticeable generosity that is extended to everyone, and they will return it to you as well. You have a special gift for bringing the right people together, and would make a great match maker, or create beautiful surroundings in which to live. Your creativity is at a peak in this location, so art or art appreciation, fashions or a fashions business, beauty, hair designing or styling, or dealing in finances are favored.

One danger of this place is that you may fall in love with the ideal of love, and not necessarily the actual people that you meet. This can be problematic as you fall in love with someone new, even if you are with someone else.

Asc=Mercury/Neptune (Orb:0 Deg 15 Min)

While you are in this location you stand a very good chance of being used, deceived or taken advantage of in some way. That's the bad news. The good news is that this can be a wonderful place to let your imagination soar, do some writing of poetry, paint or write music. Your thinking will be somewhat muddled and unclear, and nervous exhaustion can occur. The creative process will be accelerated, and if you enjoy writing, you can find the inspiration at this place.

There will be a great concern for spiritual matters and values and a desire to overcome everyday matters to become more one and at peace within yourself. This is a great place for a daydream or two, but nothing to "heavy" on the earthly plane as your thoughts will be too impractical. Instead there will be a real attraction to mystical subjects, foreign languages and religious matters. Alcohol and drugs can be used as a form of escapism to reach that unseen realm here, but be careful as there can be some adverse reactions to them as well in this location.

Asc=Mars/Pluto (Orb:1 Deg 27 Min)

Here you are ready to tackle anything, any body or any activity you so choose, especially if you have never considered doing them before. You will have an abundance of courage and bravery that is unsurpassed in other locations. Your actions will be bold, aggressive, competitive and daring. Just be careful in your activities because the possibilities of danger and accidents is increased as well.

If you are a person who is shy and needs a push in the confidence department, then this can be a positive place, BUT, if you are already a ruthless or power-hungry person either consciously or subconsciously, expect opposition to your actions. In this location you will meet people who are equally or more powerful than yourself as well.

Activities or situations that require endless hard work can be accomplished with ease here and you can overcome some really negative aspects of yourself if you so choose. Expect heated and verbal arguments with others, deceptive and perhaps corrupt situations to emerge. Sexual appetites and passions increase in this area as well. At the least there will be some very real "power struggles" between individuals, and at the most, there can be a holy battle between yourself and the forces of true evil. Because you will naturally be running hotter than in other areas, there can be some high fevers that can be experienced.

Asc=Sun/Neptune (Orb:2 Deg 02 Min)

This is an unfortunate placement for fitting in with others because in this location there will be a greater need for seclusion and being by yourself. Spiritually it can be a very motivational place for higher consciousness, but deceptions, clouded thoughts and confusion as well. You will go out of your way to project to people only what you want them to see, and not necessarily who you really are. A great place though for a daydream and the creative process.

You can easily be deceived by your ideas of your self importance which by the way can easily be an illusion unto itself. You can also deceive others with your own motives here as well, avoiding any responsibilities in the process.

There will be a decrease in willpower to do anything, and a possible air of escapism through drugs or alcohol, feeling a lack of will to continue.

Asc=Moon/Mars (Orb:2 Deg 07 Min)

In this area you will be more prone to taking charge in all situations, as your natural leadership qualities are very strong. Your relations with women in particular can be quite "aggressive" and you can easily get over emotional, passionate and possessive very easily. Here you will be very protective of what belongs to you, and if you were never competitive before, you can expect to be now.

You will act with greater aggression towards others and become very hasty in your actions. You can easily become aggravated over petty issues and your need for protecting yourself and others can be somewhat overbearing.

You may want to include physical exercise or more movement in your daily routine to still these emotional waters. Be kind to your stomach and what you put in it, or pay the consequences.

Asc=Moon/Jupiter (Orb:2 Deg 19 Min)

Your plans and ideas will be easily accepted by others in your environment. Enjoy the happiness while it lasts, one never knows when it will end. It will be easy to talk with people who share common points of view with you in this location.

Your generosity and kindness becomes prominent here, but you should be careful of putting on weight. You will accumulate a lot of material things in this area, but garage sales will help distribute unneeded items. You will share very intimate and social times with others while you are here.

There will be a greater need to protect yourself in financial, physical and emotional ways. Matters of personal security for yourself and your family will be very strong as well.

If you are a student in this area, you will enjoy new avenues of philosophic thought, perhaps studying forgotten religions or family trees. Your intuition will also be activated in this location.

Family and business matters get an added boost of luck with this planetary combination. For women desiring to have children it will be interesting to note that "fertility" gets a boost as well.

The negative side of this place is overeating, some problems with vision and some noticeable allergies.

MC=Mars/Uranus (Orb:0 Deg 20 Min)

If you are looking for a place where you can become the original rebel and not conform to anyone's expectations, then you have found the right place. Here, the idea of authority is non-existent for you as you forge through life with your own rules and regulations for living. Your physical body can suffer some upsets as you try to do things in the spirit of adventure that are in fact somewhat dangerous for anyone to try.

Your energy levels are high and you will OFTEN act in an unpredictable way, being completely spontaneous and irresponsible. You will act on impulse and suffer from impatience in all situations and become a very restless spirit.

Here you will try to correct all of the wrongs in the world, even if there is really nothing wrong with it. Any scientific or astrological aspirations are a favorable outlet for this enormous energy.

MC=Mars/Saturn (Orb:0 Deg 39 Min)

Advancement will come only through great efforts and obstacles in this location, and your health can be somewhat sensitive as well. Your actions and anger will be more inhibited, and frustrations will be evident. Your energies will be focused on hard work with very little else on your mind. Work will be done silently and alone rather than including others, so if you are into or need a very disciplined lifestyle, then this is the place for you.

You can expect some hard reactions from people here, at the same time feeling a real restlessness. This position is wonderful for working on the same monotonous work day after day after day if that is what you want to do.

This is also a favorable place if you need to be more disciplined in your physical training or sports activities.

Asc Square Saturn (Orb:2 Deg 34 Min)

In this area you will find a lack of warmth and friendliness to others and especially relationships which will cause problems. Your patterns of behavior can cause people to keep their distance from you due to your negative outlook on life. While you are here your self worth and confidence may suffer, feeling unloved even when around others. It will be difficult to find a marriage partner to put up with your negativity unless they are capable of rendering continuous emotional support for you. Difficult or cold relationships are offset by keeping busy through hard work. Adversity that finds you here is a positive outlet for you to grow as a person.

Demands placed on others can be heavy through your faultfinding and perfectionist attitude. People do fail in life, remember this when dealing with others here. Depression can find you very easily and insecurities about life will cause you to retreat into your own little world, allowing no one else to enter. You will feel a strong need to keep people at a distance from you at this location. When you are around people in social situations, you will feel very uncomfortable, even in a room full of people. Your energy and vitality will be lower while at this location, and more time will be needed for rest. MC Opposition Mars (Orb:0 Deg 01 Min)

While you are around this location you will find that more confrontations will occur with others and the home front will be void of harmony. Your over aggressive nature and combative attitude will fall in disfavor with people in authority over you. You can be very impulsive, compulsive and rash in behavior and can experience accidents in and around the home.

While you are here you will need an increase of "your own space" so that you can do your own thing, and explore the world around you. Should the need come up, you will be only too willing to rough it to bring some adventure into your life. There can be an overbearing and harsh manner around the domestic front in this

location and you may feel you have to rule others with a fist of iron, often refusing to compromise the slightest.

This is an excellent place for home repairs or doing physical work, because you need to replace the old, with the new. There will also be a constant need to better yourself in all areas here. There can also be arguments over what belongs to whom, and family matters will be somewhat explosive to say the least. Remember that if you experience more accidents than usual here, the universe may be trying to tell you to lighten up, or you'll get hurt if you don't.

Asc Opposition Neptune (Orb:0 Deg 38 Min)

You can easily set yourself up for disappointments from others while in this location. Deceptions can come from any area, especially in relationships and the methods and true morals of others. Communications will be very foggy, misrepresented or confusing and you can easily find someone with a great "story" to tell. If you like pure fiction, that's fine, but if you are looking for a little reality, then you are in the wrong location. Spiritual and psychic forces are high, but how will you be able to know the true prophets from the wolves in sheep's clothing? Expect to experience some very unexplainable and mysterious occurrences here. To be fair, you can experience some very uplifting spiritual experiences here to further your understanding of the makeup of the world, but be extremely careful if the people you meet ask you for money or want you to follow them, giving up everything you own.

If you have to consult others for their advice in this area, you will find that they are not going out of their way with your interests at heart. While you are here, should you have to consult a doctor, lawyer or counselor, information can be considered fraudulent, concealing information for their own reasons, or the truth withheld for some reason. It would be best to get out of this area and then get a second opinion. Extreme caution is advised in any business or legal transactions that occur in this location as well.

Relationships are not favored, because the probability of deceptions is high. At the very least you will be very confused about relationships suffering many disappointments, "illusions" and emotional abuse. Before you place your love God or Goddesses on a pedestal, take off the rose colored glasses and be realistic about it. If you give up your will and let others take the lead here, they will lead you astray, to bankruptcy or by the nose! Face it folks, you will not be realistic in love or romance while you are here.

While you are here you will attract real flakes or low life people, and you can be very vulnerable and gullible to the needs and wants of others. On the positive side you can attract artistic people or musicians, dreamers, and spiritual aspirants but that is as far as it goes.

There will be a strong need to do things your own way, with a need to do them by yourself without interference from others. Harmony and cooperation with others will be impossible to integrate and fights and disputes will arise due to a very short temper. Anyone who prevents you from being the head honcho will feel the wrath of your anger and frustration. You will quickly gain the reputation as the town bully with your aggressive personality and experience a real short and impatient attitude towards others. People will view you as someone who always has a chip on their

shoulder, and will find numerous people willing to knock it off, or attempt to, but then again, in this area this kind of attention will satisfy your need to conquer others.

True love will not run smooth, regular or on time while you are here, because neither party will be willing to give and take. It will be very intense however, resembling "push and shove" instead.

Mechanical breakdowns and failures will be noted in this area, and occur with a greater frequency than at other places. If you are a very laid back kind of person and need to come out of your shell, then this area can be helpful, but if you are already to much of a good thing, pass through this area quickly. Any items that you purchase here will be for practical reasons leaving little room for any small luxuries at all.

MC Quincunx Uranus (Orb:0 Deg 01 Min)

Any time spent in this location is bound to be very erratic and you will experience change on a daily basis. If you are looking for stability or security, you have not found the place. In fact, just the opposite is true. Your home will be filled with all the latest electronic gadgets, toys, computers and fads and the home can be the central location for group activities.

MC Trine Pluto (Orb:0 Deg 51 Min)

In this area you will find that your need to succeed and accomplish something is quite overwhelming, both for yourself and for people around you. You will be quite possessive of people and situations and totally absorbed in yourself. With all of this need for power, only in rare circumstances will you stoop to sneaky or underhanded methods to get what you want.

Here, you will understand what power is, and can use it in positive ways for positive ends, and will intuitively know that power used for destructive purposes brings your own downfall. Your intuition about people and their motives is beyond common understanding and you can easily get what you want by magnetizing it and drawing it to yourself. Just being around people has a very powerful effect on their lives, and you will have a great deal of influence on people as well. In this location you will be a very "Intense and powerful" person where you can make some very positive changes and accomplish a great deal. Here you will feel that life is with you, and it probably is.

MC Quincunx Sun (Orb:0 Deg 47 Min)

In this location you will find that the home front and domestic matters become much more important. You will be most happy in an environment that is your own creation but be careful of the danger of becoming a recluse or hermit, choosing isolation from others rather than socializing. This would be an excellent place for retirement because of the stability and security it offers. When you are in this location you will notice an increase in your freedom because being cramped just isn't your style.

Here is a fortunate place to get in touch with your subconscious self and perhaps dabble into the world of metaphysics, the occult or supernatural forces because you will be much more intuitive and psychic. You will also notice that while you are here your needs will increase for a much simpler way of life in domestic and personal matters, void of stress and tense situations. Because of this seclusion, you may have to be dependent on others if you are going to survive, especially if this is an out of the way or remote place. You may also have to give in to the wants and desires of those in authority over you as well.

Your nurturing and protective instincts come alive here and you may go out of your way to take care of people in need or less fortunate than yourself.

Because the home front is so important you may consider putting down permanent roots, investing in property or take a much needed rest if you have been ill and need a place to build up your strength. Your inner needs will be much more important than what goes on around you in the "OUTER" world.

MC=Mercury/Mars (Orb:0 Deg 50 Min)

In this location you can easily engage your mouth before it catches up to your brain, resulting in some very embarrassing moments. You may choose to argue at every opportunity, and your actions will be from pure impulse without the benefit of forethought.

Your aggressive nature comes alive here as you talk at people, instead of to them. You will be extremely opinionated, dominating, domineering, edgy and irritable, but if you control the impulses you can be very alert and quick thinking here.

Your observations in all circumstances will be very rapid and your ideas will be very clever indeed. Your sensitivity to loud or sudden noises in your environment is heightened and can be quite annoying.

You will act immediately on your ideas here, but they can be met with opposition which is to be expected with this much energy. You will also be under a lot of mental stress to perform tasks that you were so verbal about doing here.

There will be an increase of nervousness in your activities and perhaps involving yourself in deceptive or deceitful practices and theft if negatively used. There can be problems to the health through "burnout" because of your intensity here.
